THE DEFENDANT HAS BEEN ARRESTED UPON THE FOLLOWING INFORMATION OR OBSERVATION: (MAKE A PLAIN, CONCISE, AND DEFINITIVE STATEMENT OF ESSENTIAL FACTS CONSTITUTING THE OFFENSE CHARGED.)

On May 12, 2018, at approximately 0145 hours, I Officer Galliher ID#1550 was on patrol in a marked patrol vehicle L-16, in the area of Bay Dale Drive and College Parkway, located in Anne Arundel County. At the time stated I observed a Red in color Acura four door sedan bearing Maryland Registration ORG0082. The vehicle was traveling directly in front of me on Bay Dale Drive when it made an abrupt right and stopped part of the way on the shoulder and park of the way in the roadway. I then went past the vehicle and continued on Bay Dale drive toward College Parkway. At this time I noticed that the vehicle that had stopped was now directly behind my patrol vehicle and was now following me. I made it to the intersection at College parkway and Bay Dale Drive and stopped I again could see that the vehicle was still behind me. In an attempt to see if the vehicle was actually following me once the light turned green I continued onto Bay Dale Drive passing the Bay Hills shopping Plaza finally making a right onto Bay Green Drive.

ARREST ON TRAFFIC / NATURAL RESOURCES / MASS TRANSIT CITATIONS / CRIMINAL CHARGES / MUNICIPAL ORDINANCES / PUBLIC LOCAL LAWS

At this time I could see that the vehicle was again still behind me. At this time I turn around on Bay Green Drive and pull over in front of 510 Bay Green Drive where the vehicle now pulls directly behind me again with me being in a fully marked patrol vehicle with Holographic lettering. Now confirming that I was in fact being followed I again continued onto Bay Green Drive and heading back toward Bay Dale Drive. In fear of a possible ambush I contacted another unit to respond to my location prior to stopping the vehicle based on all the circumstances and time of night. Once at the intersection of Bay Dale Drive and College Parkway I was able to get back behind the vehicle and at approximately 0159 I conducted a stop of the vehicle. I exited my vehicle cautiously and approached the vehicle. I made contact with the operator who was identified as Terance Albert Falter W/M with a date of birth of 12/08/1991 by his Maryland Driver's license once obtained who was currently on the phone ignoring my presents. While waiting for him to end his call with the window down I could smell the odor of marijuana emitting from inside the passenger compartment of the vehicle. Once I received his attention I was able to get his requested documents license and registration. I then asked the operator what was the issues tonight as to him stopping on the side of the roadway part in the lane and then following me for over 1 mile before me stopping his vehicle. He stated that he felt I was going to hit his vehicle when I was behind him on Bay Dale Drive so he wanted to follow my vehicle to get my tag information. He stated he did not know that I was in a clearly marked patrol vehicle. At this time I could smell from his breath the odor of an alcoholic beverage emitting while he was speaking with me.

At this time I asked the operator to step out of the vehicle where he agreed to do so. Once outside the vehicle I explained to the operator about the odor of marijuana where he stated that he smoked earlier. I also asked the operator how much did he had to drink tonight where he stated nothing. I then reworded the question and asked I know tonight is a new day how about yesterday where he stated he had a vodka drink after work at 11.

ARREST ON TRAFFIC / NATURAL RESOURCES / MASS TRANSIT CITATIONS / CRIMINAL CHARGES / MUNICIPAL ORDINANCES / PUBLIC LOCAL LAWS

While speaking with him I could clearly see that his eyes were very blood shot and glassy and the he was sweating profusely with the temperature at 66 degrees and him in shorts and a black tank top. While speaking with him again outside of his vehicle I could smell the strong odor of an alcoholic beverage emitting from his breath as he answered me. At that time I explained to him that I was going to perform a Standardized Field Sobriety Test to ensure he was going to be safe to continue to drive which he agreed to.

I am certified to administer Standardized Field Sobriety Tests. All tests were administered within the NHTSA guidelines. All tests were fully explained and demonstrated to the operator, and he stated that he understood them as they were explained. I asked the operator if he wore contacts or glasses where he stated no sir. I asked the operator if he was under the care of a doctor or dentist where he stated no. I asked the operator if he was taking any prescribed or not prescribed medications where he stated no. I also asked the operator other than the marijuana he admitting to smoking earlier has he done any illicit drugs in the last 24 hours where he stated Advil. He then stated that he tore a muscle in his left leg 2 or 3 days ago. I then asked if he would be able to walk and balance for a short period of time where he stated I can walk a short period of time I may be sluggish. While asking these questions again I could smell the strong odor of an alcoholic beverage emitting from his breath as he answered.

The first test given was the horizontal gaze nystagmus. Both of the subject's pupils appeared to be of equal size But did not reacted in a normal manner. Prior to starting the test I asked the subject to click the top of the pen where he missed the tip of the pen with his right hand, I asked to do it again and moved the pen few inches higher where this time he attempted and missed the tip with his left hand. The subject did display equal tracking in both eyes. The suspect displayed a lack of smooth pursuit in both eyes.

A distinct sustained nystagmus at maximum deviation was displayed in both eyes. Onset of nystagmus prior to 45 degrees was detected in the subject's eyes. This is a total of 6 out of 6 clues indicating intoxication. Also the subject displayed involuntary eyelid tremors consistence with recent THC use.

The second test administered was the walk and turn test. The subject was instructed to enter the starting position which he was able to do. The test was then demonstrated to the subject with him stating that he understood the test. Once instructed to begin he took his first step where he stepped off line he would continue this trend all the through the test taking 10 steps on the first go and then 9 on the second go. During this he missed heel to toe as well by more than 10 inches on every step.

The final test administered was the one leg stand; as I instructed and demonstrated the test the subject stated he understood the test. The subject began the test raising his left leg. The subject stated out with his foot at the proper height then after a few seconds raising it higher to almost 12 inches from the ground.

The subject was then placed under arrest for driving under the influence of alcohol. I then asked the operator based on the odor of marijuana was there anything in the vehicle where stated no. A probable cause search of the vehicle was conducted where located in the trunk of the vehicle was a blue and white silicone container with 5 round blue pills with the imprint of E/8 and one round grey pill with the imprint of K/57 both based on my training knowledge and experience to be suspected Oxycodone's. Through my training, knowledge, and expertise gained as a Maryland Transportation Authority Police Officer recognized the (the with 5 round blue pills with the imprint of E/8 and one round grey pill with the imprint of K/57 to be schedule 2 Oxycodone) I have received approximately 120 hours of specialized training in narcotic enforcement. I then asked the operator what those pills were where he stated Percocet's. I then asked if was prescribed them where he stated no that he has been using them for a while. I then asked when was the last time he used them where he stated earlier in the day on the 11th. He then stated that he wished he knew those were in there he would have saved some money and wouldn't have to go to DC to get more. He then told me that he has been using those as a dependency from an old sports injury. The Pills were seized and sent out for analysis. The subject was then transported back to the station where he was advised of his DR-15 rights and agreed to submit to the test of breath. The test was conducted by Sgt. Howell # 3169 MDTA a certified operator. The collected breath specimen was found to contain an alcohol concentration of .06 grams of alcohol per 210 liters of breath. At that time I contacted Cpl. Rose MDTA a certified DRE for an evaluation. Once at the station the subject was advised of his Miranda rights where he invoked the presents of a lawyer. The documents were signed by the subject where he proceeded to sign his name with a dollar sign. While at the station this subject continued to act out of place yelling at myself and the Sgt. As well as shaking the cell door. He also hit a wall where he cut his had refusing medical treatment and only needing a Band-Aid for the open wound. The subject was then charged accordingly.

All events occurred in the state of Maryland Anne Arundel County.
